Logo

Due to the fabric's special properties, logo transfer printing is only possible with transfer type Loxy LP 157 and LP 277. Please contact customer service for further information. If logo print is added to the clothing, avoid dry cleaning as this can damage the print.

Logo placement:

- Great protection with anti-static and flame-retardant properties.
- Long life, with flame retardant thread used in seams.
- Elastic at the waist.
- Fly without opening.

Technical info

Anti-static and flame retardant. Sewn with flame retardant thread. Elastic at the waist. Fly without opening. Contrast stitching. Washing Instructions are printed on the fabric – to avoid imitating labels
